

Why Quark Rhymes with Pork and Other Scientific Diversions

Table of contents

Preface

I. Reference Frame Columns, Physics Today 1988-2009

1. Whats wrong with this Lagrangean, April 1988.
2. Whats wrong with this library, August 1988.
3. Whats wrong with these prizes, January 1989.
4. What's wrong with this pillow, April 1989.
5. What's wrong with this prose, May 1989.
6. What's wrong with these equations, October 1989.
7. What's wrong with these elements of reality, June 1990.
8. What's wrong with these reviews, August 1990.
9. What's wrong with those epochs, November 1990.
10. Publishing in computopia, May 1991.
11. What's wrong with those grants, June 1991.
12. What's wrong in computopia, April 1992.
13. What's wrong with those talks, November 1992.
14. Two lectures on the wave-particle duality, January 1993.
15. A quarrel we can settle, December 1993.
16. What's wrong with this temptation, June 1994.
17. What's wrong with this sustaining myth, March 1996.
18. The golemization of relativity, April 1996.
19. Diary of a Nobel guest, March 1997.
20. What's wrong with this reading, October 1997.
21. How not to create tigers, August 1999.
22. What's wrong with this elegance, March 2000.
23. The contemplation of quantum computation, July 2000.
24. What's wrong with these questions, February 2001.

25. What's wrong with this quantum world, February 2004.
26. Could Feynman have said this?, May 2004.
27. My life with Einstein, December 2005.
28. What has quantum mechanics to do with factoring?, April 2007.
29. Some curious facts about quantum factoring, October 2007.
30. What's bad about this habit, May 2009.

II. Shedding bad habits

31. Fixing the shifty split, *Physics Today*, July 2012.
32. What I think about Now, *Physics Today*, March 2014.
33. Why QBism is not the Copenhagen interpretation, lecture, Vienna, June 2014

III. More from Professor Mozart

34. What's wrong with this book, unpublished, 1992.
35. What's wrong with these stanzas, *Physics Today*, July 2007.

IV. More to be said

36. The complete diary of a Nobel guest, unpublished, 1996.
37. Elegance in physics, unpublished lecture, Minneapolis, 1999.
38. Questions for 2105, unpublished lecture, Zurich, 2005.

V. People I've known

39. My life with Fisher, lecture, Rutgers University, 2001.
40. My life with Kohn, 2003, updated 2013.
41. My life with Wilson, lecture, Cornell University, 2014.
42. My life with Peierls, unpublished lecture, Santa Barbara, 1997.

VI. Summing it up

43. Writing physics, lecture, Cornell University, 1999.
